

Personal Data:

Name: Abdalla Hassan Wagialla

Place of birth: Kaboshia – Sudan

Date Of Birth: 04.05.1943.

Nationalities: Sudanese

Religion: Islamic (Muslim)

Marital Status: Married

Languages:

- **Spoken and written:** Arabic (native language), English and Polish

Communicable: Russian, German & Slovienen

Academic Qualification:

Doctor of Technical Sciences..... October, 1973.

Geophysical & structural prospecting methods for oil & Gas Postgraduate Study for 3 years: 1971 -1973 (Certificate of Study attached) (For the PhD Thesis I obtained Rector's Award 1973)

Master of Engineering..... March, 1969.

Petroleum Reservoir Geology & Drilling Engineering Undergraduate Study for 5½ Years: 1963 – 1969 –MSC with Outstanding Grade

Diploma in Applied Geology Sciences..... June 1973

Three years postgraduate studies

Training and Experience

1990: Windows: i)Word (Arabic, English & polish)

ii) Excel

iii) D Base

1989: i) frame work & Norton

ii) Programming – Office

iii) Management science

1988: Computer systems.

1987: i) Introduction to Computer science

ii) How the computer works?

1986: BASIC.

1976: i) course of Pet Res. Eng. – Maidenhead- England

iii) Course of Formation Evaluation.

Part I and part II – Maidenhead – England .

1970: Well Operations: core study & testing -Tarnow – Poland

2010: Accreditation & Evaluation in Engineering Education.

University of Khartoum-Sudan.

Professional Experience

[2006 – up to now] AGH – The University of science and technology Krakow – Poland

Professor

- Faculty of Geology
- Geophysics
- Environment protection

[2001 - 2006] GASCO – investments Krakow – Poland
Region Director for Yemen, Sudan, and Eritrea

[2000 - 2001] The International Development & Aid Corps (TIDAC) Irland
Head of the African Desk & water Drilling team

[1998 - 2000] Rimanadus Enterprise
Poland
General Director

[1996 - 1998] Szyld Computer & Plotter Trading Company Poland
Director for Foreign contacts and Development

[1990 - 1993] Bright Star University of Technology
Libya
Professor

Employment & Occupied Positions

2008 – 2011 National Council for Technical & Technological Education
Ministry of Human Resources Development Khartoum – Sudan
Consultant.

2009 – up to now University of Khartoum
Department of Petroleum & Natural Gas
Associate Professor (Fellow).

2006 (leave without pay) AGH- The university of Science Technology
Faculty of Geology, geophysics and Environment Protection
Cathedral of Fossil Fuel & Energy (Krakow – Poland).

Visiting Professor – Lecturer in English language (Part time).

2001 – 2006 GASCO – Investments
11 krolewska str. (Krakow – Poland).

Regional Director for Yemen, Sudan and Eritreia (Part time).

2001 – 2003 The international Development & AID Corps (TIDAC) –
Ireland

3 Warszawera str. (Branch) (Krakow – Poland).

Head of The African Desk & Water Drilling Team (part time).

1989 – 2000 Rimanadus Enterprise (Krakow – Poland)

25 Lubisz str. General Director (Full time).

1996 – 1998 SZYLD :Computer & Plotter Trading Company.

20 kalwaryjska str.(Krakow – Poland).

Director: Foreign Contacts and Development (Full time).

1995 – 1996 Dietsmann International Coordination Centre (Antwerp Belgium).

Training manger in Sana (contract time) Jemen Republic

1990 – 1993 Bright Star University of Technology (Brega – Libya).

Professor (3 Years leave Without Pay from P.A SC.)

1985 – 1995 Polish Academy of Science (MEERC) (Krakow – Poland).

Adjunct (Research Assistant Professor)

1983 – 1985 Academy of Mining and Metallurgy (Krakow – Poland).

Institute of fossil Fuels – Department of petroleum Geology

Senior – Specialist.

1982 – 1983 Ghar Yuniss University – Bright Star Faculty in Brega
Benghazi-Libya

Associate Professor Convener of petroleum Specialization

1978 – 1982 Higher Petroleum Institute (Tubrok – Libya).

Associate Professor Head of Petroleum Engineering Department

1974 – 1978 Ministry of Mining and Energy (Khartoum – Sudan).

Senior Petroleum Geology Engineer (First Geologist)

Representative of Sudan Government to Chevron Company

1973 – 1974	Academy of Mining and Metallurgy (Krakow – Poland).
Institute of Geophysics and Petroleum Geology	
Research Assistant	
1970 – 1973	Academy of Mining and Metallurgy (Krakow – Poland) .
Post Graduate Study (3 years -6 terms)	.
1969 – 1970	Polish Oil Exploration & Drilling Company (Tarnow – Poland)
Under Training Engineer	
1963 – 1969	Academy of Mining and Metallurgy (Krakow – Poland).
Undergraduate Study for BSC & MSC (11 terms – six years)	
1962 – 1963	Lodz University – Polish language Institute (Lodz – Poland)
Student of Polish Language (2 terms).	
1958 – 1962	Wad Medani Secondary School (Wad Medani – Sudan).
1954 – 1958	El-Ahlia intermediate School (Wad Medani – Sudan).
1950 – 1954	El- Bandar Elementary School (Wad Medani – Sudan).

Publications

(From the earlier to the most recent):

1966: The cracks, which Appear on the Surface of the land in Jabal Damber region-West Sudan, are they signs of a coming earthquake?(In Arabic).

1969: the geological structure and the conditions for gas accumulation in Tarnow region (In Polish).

1970: Geochemical methods are they a new additional tool on Oil and Gas exploration? (In Polish).

1971: A techno–economical complex analysis of drilling activities in The Polish Oil and Gas Exploration Corporation during year 1969. (In Polish)

1971: The role of clay minerals in the generation of bitumen (In Polish).

1972: A point of view concerning the geology and mineral resources of The Sudan Republic (In Polish).

1973: Location of underground cavities formed after coal exploitation in the Jaworzno Mine, by surface geo-electrical methods. (In Polish).

1973: Geological structure map of the subsoil of the Carpathian Flysch Fold, In Cieszyn – Cracow region, under the aspect of Oil Prospecting. (In Polish)

1974: Construction of the Anhydrite map of the Miocene of the Carpathian Foreland (Collective work in Polish).

1974: The geology of Sudety Mountains Monocline on the basis of the recent Seismic data. (Collective work – in Polish).

1975: The role of the geological & mineral resources in the development of the Sudan's Economics.(In Arabic) .

1976: The need of the present time is the reorganization of the Geology Exploration Service in Sudan. (In Arabic).

1977: The Challenge for protection of The Sudan Red Sea Shore Environment (In Arabic).

1978: Sand dunes fixation and some methods for reduction of dust in the Area North of Port Sudan City. (In Arabic).

1990: The co-operation between developed and developing countries:

Part One: Mineral research investments.

Part Two: Financing the Mineral research investments.

1992, 1993: Supervision of graduation thesis during the period with BSUT in Libya (All thesis are in Arabic).

1994: Design of directional wells in salt massive deposits for storage of nuclear waste materials, contained in special tubes of length 60 cm (In Polish).

1995: Course on preparation, planning, management and supervision of water drilling projects in Yemen Volumes : I. II & III (In English) .

1996: Course on offshore activities: Exploration, Drilling & production including: Safety Instructions and Environmental protection,

Volumes: 1, 2 &3 (in English)

2000: How to say it in Arabic?

Part: I – conversations (400 pages).

Part: II – Dictionary (5000 words). (Polish – Arabic).

2004: The Smell of Oil and the Blaze of Gold. (In Arabic).

2005: Petroleum Dictionary: English ,Polish & Arabic.

2006: Course of Reservoir Geology, Drilling and Production Engineering written in English for the final year students of The University of Technology & Science – AGH Krakow – Poland.

2007: Course on drilling fluids technology in English Language:

Part I: lectures on drilling mud technology

Part II: Field Study of drilling mud properties.

2009: Technical Education is the Solution of Sudan's Economical Problems.
